

**LAKES HIGHWAY DISTRICT**  
**APPLICATION FOR PERMIT TO USE RIGHT-OF-WAY**

The undersigned applicant is given permission to construct the following item(s) on highway right-of-way; subject to compliance with the provisions of the Highway District Policy.

**DESCRIPTION OF UTILITY**

Size	Underground or Overhead	Type: Gas Line, Telephone or Water Line, etc.
<b>CALL BEFORE YOU DIG 8-1-1</b>	<b>SPECIAL CONDITIONS</b>	<b>CALL BEFORE YOU DIG 8-1-1</b>
1. See Attached "Special Conditions" Sheet which shall become a part of this permit.		
<b>LOCATION AND DESCRIPTION OF WORK</b>		

Estimated Start Date:	Estimated Completion Date:
-----------------------	----------------------------

The applicant shall contact the one call utility locating service and comply with all other requirements imposed upon an excavator pursuant §55-2201, Idaho code, et seq., and make every possible effort to have all utilities located.

Construction Plans of the proposed utility must be attached.

All repairs to and restoration of property within the right-of-way shall be done by Grantee.

No work shall be started until an authorized representative of the District has given the notice to proceed.

A certificate of public liability insurance insuring applicant and naming the District as an additional insured executed by an insurance company licensed to do business in the State of Idaho in the amount of \$500,000.00 or more and shall be deposited with the Highway District prior to the Highway District authorizing the permit.

A surety bond in the amount of \$ n/a executed by a bonding company licensed to do business in the State of Idaho shall be deposited with the Highway District and shall remain in effect for a period of n/a year(s) after completion of the project. The purpose of the bond shall be to save harmless the Highway District from all loss or damage to the Highway District and/or its right-of-way caused by the violation of the Grantee of any ordinance, rule, regulation or requirement of the Highway District.

The Undersigned certifies that he (it) is the owner or authorized representative of the owner of the proposed facility or property to be served and agrees to do the work in accordance with the rules and regulations of the Highway District; that he (it) has read and understands the general conditions printed on the attached "General Provisions" sheet.

Date:	Telephone Number	Signature of Applicant
Firm Name (Contractor) if Applicable	Printed Name of Applicant	
Applicant's Post Office Address and Email		

**FOR DISTRICT USE**

Subject to terms, conditions and provisions shown on this form or attachments, permission is hereby granted to the above applicant to perform the work described above. This permit shall be void unless work herein contemplated shall be completed by the estimated completion date listed above.

**THE DISTRICT SHALL BE CONTACTED 48-HRS PRIOR TO START OF WORK. CONSTRUCTION PROGRESS AND FINAL INSPECTIONS ARE REQUIRED.**

## GENERAL PROVISIONS

The Highway District may revoke, annul, change, amend, amplify, or terminate this permit or any of the conditions herein enumerated if Grantee fails to comply with any or all of its provisions, requirements, or regulations as herein set forth or if Grantee fails to heed or comply with notices given, or if the utility herein granted is not installed or operated and maintained in conformity herewith or at all.

During the progress of the work such barricades, lights and other traffic control devices shall be erected and maintained as may be necessary or as may be directed for the protection of the traveling public. All traffic control devices and the placement thereof shall conform to the latest Manual on the Uniform Traffic Control Devices as adopted by the Idaho Department of Transportation.

The Highway District makes no representation as to right-of-way width. It shall be the Grantee's responsibility to determine the limits of the right-of-way. This permit covers operations on the right-of-way only and the Grantee is responsible for any of his actions off the right-of-way to abutting property owners.

The party or parties to whom this permit is issued shall maintain at his or their sole expense the utility for which this permit is granted in a condition satisfactory to the Highway District. The District hereby reserves the right to require the Grantee to change the location or to remove any structure, structures, lines or pipes authorized by this permit at any time in order for the District to perform any necessary work on or in the right-of-way, said change or removal to be made at the sole expense of the party or parties to whom this permit is issued, or their successors or assigns.

In accepting this permit the Grantee, his successors and assigns agree that any damage or injury done to the property of the Grantee or any expense incurred by him, through the operation of a contractor working for the Highway District or any District employee, shall remain the sole expense of the Grantee, his successors or assigns.

Grantee is responsible for any damage to District property or to any property in the right-of-way which is caused by the conduct of the work performed hereunder. Grantee shall restore, to the same condition as existed prior to work, the travelway and such ditches, structure, structures and appurtenances necessary for the proper construction and maintenance of the travelway, which have been in any way disturbed or damaged by the work performed hereunder. If the work done under this permit in any manner involves the disturbance of the traveled surface of the road, said portion of the traveled surface of the road shall be restored at the completion of said work to the satisfaction of the District, said surface may be restored by the Highway District at the expense of the Grantee. If trench or pavement settlement should occur the repairs shall be made by the Grantee as directed by the District Supervisor at no cost to the Highway District. If the work under this permit interferes in any way with the drainage of the highway, the Grantee shall wholly and at its own expense make such provision as the District may direct to take care of the drainage.

In accepting this permit, the Grantee, its successors and assigns agree to protect the Highway District, or its agents, and save it harmless from all claims, actions, or damages of every kind and description which may accrue to or be suffered by any person or persons, corporation or property arising out of any activity or omission of Grantee, including, but not limited to, the manner of installation and maintenance of the utility granted or by the Grantee's occupancy of rights-of-way or public space. In case any suit or action is brought against said Highway District, its officers or agents, for damages arising out of or by reason of any of the above causes, the Grantee, its successors or assigns will upon notice to it of commencement of such action, defend the same at its own sole cost and expense, and will satisfy any judgment after said suit or action shall have finally been determined if adverse to the Highway District, its officers or agents.

In doing the work under this permit, Grantee and its contractors, or anyone performing work on behalf of the Grantee, have the primary responsibility for providing for the protection and safety of the traveling public. Acts by the District, in failing to detect or remedy any defect created by Grantee or its contractors or representatives, or in failing to detect or remedy any failure by Grantee or its contractors or representatives to adequately provide for the safety of the traveling public, shall not relieve the Grantee and its representatives of this primary responsibility. Grantee agrees to indemnify the District with regard to any claims arising out of any alleged failure of the District to detect or remedy either defects created by Grantee or its contractors or representatives or failures by Grantee or its contractors or representatives to adequately provide for the safety of the traveling public. Supervision of the project, including instructions as to proper traffic control devices, by the District, does not change this primary responsibility and duty to indemnify. Grantee is not obligated, however, to indemnify the District with regard to damages resulting solely from independent acts of negligence by the District, if such acts are independent of conduct by the District in supervising and inspecting the work.

All of the work herein contemplated shall be done under the supervision and to the satisfaction of the Highway District, and the entire expense of said supervision shall be borne by the party or parties to whom this permit is issued.

Throughout the performance of the work, Grantee agrees to keep the District advised as to the status of the work and to perform the work so as to minimize any interference with travel over the highway. Any excavation made or obstacle placed within the limits of the highway shall occur only in such manner as to minimize any interference with travel over said road.

On completion of said work herein contemplated, Grantee shall notify the District that the project is completed and ready for final inspection. All rubbish and debris shall be removed and the roadway and roadside shall be left neat and presentable and to the satisfaction of the Highway District.

This permit or privilege shall not be deemed or held to be an exclusive one and shall not prohibit the District from granting other permits or franchise rights of like or other nature to other public places, or affect its right to full supervision and control over all or any part of them, none of which is hereby surrendered.

Neither the acceptance of this permit nor anything herein contained shall be construed as a waiver by the Grantor of any rights given it by the Constitution or laws of the State of Idaho or the United States.
